

Cinnamon Baked Apples

4 large baking apples

4 tablespoons of cinnamon red hot candies

Dig out the core from each apple without cutting all the way through to the bottom. You will be filling this hole so make sure and leave at least a 1/2 inch deep section of the apple near the bottom. Peel 1 inch strip of skin from around the stem side on top. Put all 4 apples in a shallow baking dish and place 1 tablespoon of the candies in the center of each apple. Microwave soft 2-3 minutes and then rotate the dish in the microwave and continue cooking another 2-3 minutes until soft.
